

**IN THE SPECIFICATION**

**Amendments to the Specification:**

Please amend the paragraph beginning at line 21, page 14 as follows:

When the MBR 200a and/or the system files 200b have any type of problems which prevent the proper boot-up of the computer system, a user may enable the accessing of the OSSS 202 so the MBR **[[200a]] 204a** and the system files **[[200b]] 204b** may be accessed and retrieved to complete the boot-up process.
